

**Business Development Mission to  
SINGAPORE, HONG KONG & SHANGHAI  
March 5<sup>th</sup> to 17<sup>th</sup>, 2004**

We are pleased to invite you on this important mission to the Orient. This is the first time that the Greater Miami Chamber of Commerce and the Miami-Dade International Trade Consortium have joined together to organize a services and merchandise trade mission to Singapore, Hong Kong, and Shanghai. We are excited about the opportunities for increased trade that this mission will bring, and we look forward to having you join us. Singapore is a thriving city-state that has overcome its dearth of natural resources to become one of the juggernaut economies of Asia. Hong Kong is a world class business city, a free port, a bustling trade center, and a shipping and banking emporium: one of the greatest trading and transshipment centers in the world. China has been dubbed “the world’s factory”, and Shanghai is the center of Commerce on mainland China. Together, these provide gateways to billions of consumers. Join us as we travel to Singapore, Hong Kong, and Shanghai to see how you and your company can benefit from the opportunities in this region of the world. Please fully complete the registration forms attached.

**Singapore** is located at the crossroads of the east-west trading routes, at the very heart of Asia and its teeming markets. Adjacent to Singapore are 500 million people in Brunei, Cambodia, Indonesia, Laos, Malaysia, Myanmar, the Philippines, Thailand, and Vietnam. Further on, within seven-hour flight radius, are 2.8 billion people from countries including Australia, China and India. This is a huge market place with great potential.

**Hong Kong**, City of Life is at the center of the enormous trade that is being conducted between China, SE Asia and the rest of the world. Hong Kong’s services are crucial to facilitating business in this region commonly called the “world’s factory” and the world’s market places. Hong Kong is vibrant, dynamic and bustling and provides lots of trading opportunities.

**China** has over 1.3 billion people, representing an emerging and dynamic market which previously has been virtually closed to the U.S. for a variety of reasons. China is now a member of the World Trade Organization (WTO), and remains the fastest growing economy in the world. China is predicted to become the world's largest economic center by the year 2030. Whether you run a multi-million dollar enterprise or a one person consultancy or importing/ exporting business, you will find tremendous opportunities waiting for you in China. Many of the big corporate names are already operating out China, thousands of small businesses are benefiting from their connections in China! If you have not been to China yet, the opportunity is here, the time is now!
